

Amrutya Jirobe

Bangalore, IN • amrutya.is18@bmsce.ac.in

I'm an engineering pursuing student who wishes to join your company and be an asset for the development of the company.

I only wish to seek an opportunity to display my skills and make myself useful to the society!

Skills

c/c++

Proficient in this language and ready to get any work done efficiently
Python, Java, etc are few other languages I'm comfortable with

Algorithms

It's been a while since I've started programming and now I feel confident in coding.
I actively participate in live contests on various coding websites.

MySql, Android Studio

I'm proficient in operating datasets and have made few projects as a part of our engineering semesters.
I did deep dive into Web Development, mainly in the FrontEnd during my initial years in engineering

Education

● BMS COLLEGE OF ENGINEERING, Information Science and Engineering, 2019 ~ present

I've been a part of my college since almost 2 years where I was responsible for conduction of events like Phaseshift, Utsav. I also participated in hackathons which were conducted locally here badging runner-ups and few 1st places.

NARAYANA JUNIOR COLLEGE, SCIENCE, 2016 ~ 2018

I've been an active student throughout the curriculum here!
Percentile - 95

● KENDRIYA VIDYALAYA, SCIENCE, 2014 ~ 2016

I've displayed my virtue of discipline and honesty at every occasion and never let my respect down for any reason.

I participated in many regional events for sports on national level in football

GPA - 10

ADITYA BIRLA PUBLIC SCHOOL, Other, SCIENCE, 2003 ~ 2014

I loved going to school and to inculcate human values!!

Percentile - 94

Courses

Few courses that I felt useful and completed them are --

1. Introduction to C, by NPTEL
2. Python Programming, by University of Michigan on COURSERA
3. SQL for Data Science, by University of California on COURSERA
4. Mastering Data Structures and Algorithms in C++, by Abdul Bari on UDEMY
